

BIG TOP BIG SHOT BOASTS BEAUTY AND BRAINS

Cole Bros. Circus “highest caliber” employee is the remarkable Tetyana Sinoviyat, who does double-barrel duty as Zarina, The Human Cannonball and co-manager of the Cole Bros.’ traveling office.

You’ll find that ninety-nine pound Tetyana, billed as “Ukraine’s Blonde Bombshell,” is no lightweight when it comes to catapulting from the World’s Largest Cannon and conquering computer complexities. An alumna of the famed Moscow State Circus School, Tetyana first appeared in Cole Bros.’ center ring making solo flights from the flying trapeze, while using time between performances to sharpen her business skills. Her soaring qualities caught the eye of circus management, who sought to convince her she could accelerate her circus career by vaulting from the cannon and in addition take charge of accounting chores for the circus. As brainy as she is brave, Tetyana consented.

On tour with Cole Bros. Circus of the Stars, Tetyana successfully juggles twin tasks, proving her ability to perform both death-defying and debt-defying feats all in the same day!
