

COLE BROS. CIRCUS DAILY RECESS WITH THE TIGERS

The New Cole Bros. Circus invites the media to venture under our Big Top before the performance to view four hundred pound tigers romp with each other and their trainer during their daily, unstructured play time. Trainer Cheryl Haddad supervises her energetic charges during their afternoon romp in the arena. Take this opportunity to interact with these beautiful animals and watch them seemingly fly through the air, leaping and bounding across the arena as they chase each other good-naturedly across the ring. Witness for yourself each tiger's distinct personality while marveling at his or her size and majesty. In addition to giving the tigers exercise and mental stimulation, these daily events help Cheryl bond with her animals and build on the trusting relationships that make it possible for her to work closely with the tigers both in and out of the ring.

We encourage you to attend tiger play time so you may better appreciate the commitment and passion Cheryl has for her feline friends, and we hope that you can share what you will see with the public and help give them a better understanding of our commitment to animal welfare and the preservation of endangered species.
